MR. CHAPMAN'S CASE

It Is Brought Up In the Senate by Mr. Allen of Nebraska.

GENERAL FORSYTH PROMOTED

Indianapolis Government Building Bill Passes the Senate—A. P. A. Convention, Postal Congress—Senator Quay's Amendment to the Sundry Civil Bill—Other Washington News.

WASHINGTON, May 13.—In the Senate yesterday the sugar investigation of 1894 was recalled by the introduction of a resolution by Mr. Allen of Nebraska, reciting the circumstances of the investigation, the refusal of Elverson R. Chapman to testify, his conviction in the courts as a contumacious witness and the present efforts toward his pardon. The resolution proposes that Chapman be brought to the bar of the senate to purge himself of contumacy as a prerequisite to pardon. Mr. Allen sought to secure immediate action on the resolution, but it went over on objections from Mr. Gallinger of New Hampshire and Mr. Hoar of Massachusetts. The latter criticized the resolution as giving away the authority of the senate and said he would propose an amendment with a view to having Chapman punished unless he purged himself of contempt without reference to the question of pardon. The consideration of the resolution will be in order today.

Mr. Morgan of Alabama, at the request of the foreign relations committee, asked that his Cuban resolution go over for the day.

The senate bills for a public building at Deadwood, S. D., to cost \$200,000, and at Indianapolis, Ind., to cost \$1,500,000, were passed. After passing a couple of other minor bills the senate went into executive session and shortly after adjourned.

GENERAL FORSYTH

He Succeeds Major General Wheaton Recently Retired.

WASHINGTON, May 13.—President McKinley yesterday sent to the senate the name of General James Forsyth to be major general to succeed General Wheaton who retired last week.

General Forsyth was born in Ohio and graduated from the military academy in 1856. During the war he earned brevets in every grade up to and including brigadier general. He was brevetted for gallant and meritorious services in the battles of Chickamauga, Opequan, Fishers Hill and Middleburg, Va. During his service in the war of the rebellion he was on the staff of General McClellan, during the peninsula and Maryland campaigns, and chief of staff of Major General Sheridan during the Richmond campaign and participated in the famous raid from Winchester to Petersburg in pursuit of Lee's forces. He accompanied General Sheridan to Europe as an aide during the Franco-Prussian war. Since 1873 he has been stationed mainly in the west and has been of conspicuous service in the Sioux expedition of 1875 in the Banook campaign at Fort Walla Walla, Wash., and in actions with Indians at Wounded Knee creek and Catholic Mission, South Dakota. He became a brigadier general Nov. 9, 1894 and was assigned to the department of California where he has since remained.

POSTAL CONGRESS.

Ways and Means Committee's Work Practically Completed.

WASHINGTON, May 13.—The ways and means committee of the universal postal congress yesterday practically completed the preliminary consideration of the amendments that have been proposed to the international treaty. In doing this they have followed the practice common in many legislative bodies of passing over informally the various amendments which it was known would give rise to any extended discussion and have acted on such as the delegates were generally agreed on. The amendments which have received the assent of the committee were: none of them of vital importance but treated mainly of details of an unimportant character, which it was apparent were essential and proper and which experience has demonstrated a necessity in the transmission of mail matter. The more important questions remaining undisposed of were:

Thin, Pale Children

One satisfaction in giving Scott's Emulsion to children is they never object to it. The fact is, they soon become fond of it. Another satisfaction is because it will make them plump, and give them growth and prosperity. It should be given to all children who are too thin, or too pale. It does not make them over-fat, but plump.

It strengthens the digestive organs and the nerves, and furnishes material for rich blood.

We have a book telling you more on the subject. Sent free for the asking.

SCOTT & BOWNE, New York.

of relate to the universal postage stamp, the proposed establishment of the gold standard as a settlement of all balances in postal rates and the proposition for the reduction in the pay of mails in transit.

Senator Quay's Amendment.
WASHINGTON, May 13.—Senator Quay yesterday gave notice of his intention to offer amendments to the sundry civil appropriation bill, removing special Indian agents, deputy collectors of internal revenue, storekeepers, gaugers and examining surgeons in the pension office from the classified service. The amendment provides for the nomination of the special Indian agents by the president and their confirmation by the senate and for the appointment of the other officers mentioned by the heads of their respective departments with or without examination.

Indiana Postmasters.
WASHINGTON, May 13.—Two presidential Indiana postmasters were appointed yesterday: Bloomington, S. V. Buskirk; Covington, Fletcher W. Boyd. Fourthclass postmasters were appointed as follows: Cedar Grove, M. R. Ryan; Hitchcock, Clarence Dennis; Lexington, L. N. Mace; Livonia, D. L. Hutchison.

Ohio Man Resigns.
WASHINGTON, May 13.—Solitor of Internal Revenue Hough of Ohio has resigned, the resignation being tendered to the president yesterday. It was supposed that National Committeeman J. E. Boyd of North Carolina, would get this place, but by a recent change it has been decided that he should be appointed an assistant attorney general.

A. P. A. CONVENTION.

Order In a Satisfactory Condition—Insurance Feature Recommended.

WASHINGTON, May 13.—The reading of the annual address of President John W. Echols and the submission of the report of Secretary Palmer were the principal matters which engaged the attention of the supreme council of the American Protective association at its meetings yesterday. Mr. Echols' address was particularly felicitous and spoke in hopeful terms of the prospects of the order and of its unprecedented growth during the past year. A recommendation was made for an insurance feature, to be under the auspices and supervision of the general order.

Mr. Palmer report is said to have been an agreeable surprise, showing, notwithstanding the hard times prevailing during the past year, the order to be in a satisfactory condition numerically and financially. During the past year there were 345 charters issued.

Against Convict-Made Goods.

WASHINGTON, May 13.—Senator Gallinger of New Hampshire yesterday presented an amendment which he proposes to offer to the tariff bill against goods which are the product of convict labor. The amendment is as follows:

That whenever complaint is made to the secretary of the treasury that any manufactured goods imported into this country are the product of prison or convict labor, it shall be the duty of the secretary of the treasury to formulate the necessary rules and regulations to prohibit the further importation of such goods, except upon the sworn statement of the foreign manufacturer or his agent, made before a consul of the United States, that said goods are not produced by the labor of prisoners or convicts.

Not Believed in Washington.

WASHINGTON, May 13.—The story of the insult to the American flag by a Nicaraguan man-of-war is not given credence here. In the first place there is no United States consul at the place named, but only a consular agent named William Alger. He was heard from by the state department directly last week in a cablegram announcing the closing of the port owing to the rebellion.

G. A. R. ENCAMPMENT.

Attendance Exceeds Expectations and Everybody Enjoying Themselves.

RICHMOND, Ind., May 13.—Yesterday was indeed a gala day for Richmond. Veterans of the late war were everywhere, and all praising the citizens for their generous hospitality, for notwithstanding the crowd was much larger than anticipated, all were provided for.

A number of the members after the parade visited different points of interest in this vicinity, about 30 taking a carriage drive to Centerville, Governor Morton's old home.

The topic most interesting to the majority of the veterans is the election of department commander, there being more than a half a dozen candidates in the field. They are Captain Campbell of Anderson, John A. Swoveland of Tipton, Majors Robins, Cisney, Headington, McCulloch and Dodge.

Tonight the Loyal Legion will hold its banquet and be presided over by General Lew Wallace.

The campfires last night were all well attended and were very interesting.

JULIO SANGUILY.

Report That He Has Landed In Cuba With a Large Expedition.

HAVANA, May 13.—Julio Sanguly is said to have landed on May 3 with a large expedition at San Juan de las Playas. It is also said that Boloff, with 1,000 men, was there to receive him. It is added that commanders of gunboats patrolling that coast have been placed under arrest for not preventing the landing of Sanguly. San Juan is 12 leagues east of Sagua. The insurgents are numerous and active in that district.

Knights of the Golden Eagle.

HARRISBURG, Pa., May 13.—At the session of the Knights of the Golden Eagle yesterday Grand Chief Tobin read his annual report, which was adopted. It shows 499 castles with a membership of over 42,000. The amount paid out during 1896 for relief was \$128,000.95. Since the institution of the grand castle in 1876 there was paid for the relief of members, widowed families, burial of the dead and for donation the sum of \$1,874,450.84.

SULTAN IN NO HURRY

Greeks Don't Like the Delay In Answering the Powers.

FEAR REVOLUTION AT ATHENS

Turkey Resents Mediation and Prefers to Deal Directly With Greece—Sultan's Troops Repulsed at Domokos and Arta. Unenviable Position of the Hellenic Government.

ATHENS, May 13.—The fact that there is no news of renewed fighting must be regarded as good news, but an uneasy feeling exists here. The Turks are trying to outflank the Greek position at Domokos and the delay in the port's reply is also interpreted to mean that Turkey does not intend to cease hostilities. Telegrams from the front report that both armies are concentrating in anticipation of an engagement.

The city continues quiet, though it is believed that the numerous Italian volunteers and socialists now here will endeavor to foment a revolution, leading up to a republic. But the Greeks are devoted to the monarchical idea and the worst that is likely to happen will be a change of sovereign. The return of Crown Prince Constantine to the capital might produce disturbances, but he is likely to be discreet enough to avoid Athens for a time.

RESENTS MEDIATION.

Desires to Negotiate With Greece Directly.

LONDON, May 13.—Correspondent of The Daily Telegraph at Constantinople says the sultan resents the mediation of the powers and desires to negotiate with Greece directly. If this is refused the Turkish demands will be more exacting. The Berlin correspondent of The Daily News says he learns on excellent authority that the Turkish government demands a year indemnity of 3,000,000 pounds and the right to occupy Thessaly until it is paid.

A dispatch to The Standard from Constantinople says: An imperial irade has been issued directing military governors to give preference to natives wherever possible, in making official appointments. In Thessaly the official reports are not favorable.

A Turkish reconnaissance in force at Domokos has been repulsed and the attack on Arta, which promised to be successful, has also resulted in a check. It is believed that Edhem Pasha is developing an outflank movement with the right and left wings, with a view of rendering the Greek position at Domokos untenable.

The correspondent of the Times at Athens says: "Acute anxiety is felt here because of the absence of any news from General Smolenski's column. Owing to the delay in arranging the armistice the government has addressed a strong address to the powers declining to bear the responsibility should further bloodshed occur and lead to serious complications."

"As M. Ralli explains to me the government is in a serious predicament. In order to secure mediation it has compromised itself in the eyes of both Greeks and Cretans without obtaining a positive guarantee that Turkey will cease hostilities. Should the war be resumed the position of the government will be most unenviable."

Powers Present Their Request.

CONSTANTINOPLE, May 13.—The ambassadors of the powers held a prolonged conference yesterday, at the close of which they presented to the Turkish government a collective memorandum proposing an armistice between Turkey and Greece on the basis of the negotiations for each now in progress through the powers. The memorandum, which was presented to Ahmed Tewfik Pasha, the Turkish minister of foreign affairs.

Many people walk on the very edge of danger all unconsciously. They do not wake up to the truth that the slight symptoms of weakness which they feel may, at any instant, take a plunge into serious or fatal illness.

Once the "running-down" process begins it is speedy and there's no telling how it will end. To stop the loss of vitality and build up your strength and weight to the normal, healthy standard, there is nothing equal to Doctor Pierce's Golden Medical Discovery. It vitalizes the blood and promotes a rapid production of the life-giving red corpuscles. It promotes perfect digestion; enables the liver to filter all poisonous biliary elements out of the circulation, arrests the formation of morbid deposits in the vital organs and builds up new and healthy tissues. For thirty years it has been recognized as the only perfect and radical cure for all bronchial complaints, throat and lung affections and diseases resulting from impoverished blood.

"I was taken ill in February, 1892, with a headache and pain in my back," writes H. Gaddis, Esq., of No. 313 S. J. Street, Tacoma, Wash. "I called in a doctor and he came three times. He said I was bilious, but I kept getting worse. I took a course of Dr. Pierce's Golden Medical Discovery and I got so poor that I was just skin and bone. I thought I was going to die. One day I saw the Golden Medical Discovery recommended for a cough. I tried a bottle of it and it did me so much good that I tried another one, and it made me sound and well, so I can recommend it to everybody. It saved my life."

FOR CONSTIPATION.

no remedy in the world is equal to Dr. Pierce's Pleasant Pellets, which act naturally and mildly, but never fail to effect a complete and permanent cure. There is no substitute for these "Pellets," no matter what any druggist may say. They regulate and invigorate the Stomach, Liver and Bowels.

ROYAL BAKING POWDER
Absolutely Pure.

Celebrated for its great leavening strength and healthfulness. Assures the food against alum in all forms of adulteration common to the cheap brands. ROYAL BAKING POWDER CO., NEW YORK.

by the dean of the diplomatic corps, Baron De Calice, the Austro-Hungarian ambassador enumerates the conditions which have been accepted by Greece and begs the porte to issue the necessary orders to arrest the progress of the Turkish troops.

Greek Troops May Leave Crete.

ATHENS, May 13.—It is officially announced that the powers have notified the Greek government that the Greek troops may leave the island of Crete, and that the admirals of the international fleet will release the steamers which have been seized during the blockade.

PARNELL ESTATE.

An Appeal Issued In London For Aid to Clear It of Debt.

LONDON, May 13.—An appeal, signed by the lord mayor of Dublin, John Redmond, M. P., and other influential friends of the late Charles Stewart Parnell, has been issued in behalf of donations to a fund to assist Mrs. Delia Parnell, mother of the great Irish leader, and other needy members of the family, by freeing the Parnell estates at Avondale from debt and other obligations.

Raced With a Horse.

MURPHYSVILLE, Ky., May 13.—Buffington Forman, a popular young man, ran a footrace for 100 yards with a man on horseback. As they were returning Forman suddenly sank to the ground and was a corpse in a few minutes. When he fell his companions thought he was fooling and began to throw clods at him.

POISONED SPRING WATER.

Three More People Died at Pikeville, Ky., Yesterday.

PIKEVILLE, Ky., May 13.—Three more persons died yesterday from drinking poisoned spring water. They are Edward Minnix, Miss Dorcas Alberts and John Tompkins. Tompkins' wife and two children are fatally ill from the same cause. As yet, chemists have failed to learn what poison is being used, and there is no clue to the identity of the guilty parties.

Lady Real Estate Agent Suicides.

AKRON, O., May 13.—Miss Nettie M. Leib, an insurance and real estate agent who has been in business here about four years, committed suicide here yesterday by taking carbolic acid. Miss Leib had apparently been successful in her business ventures. She was 24 years of age and of marked ability. In the course of her business transactions she was entrusted with \$100 by Rose Albertson. She devoted the money to her own use and when asked for an accounting was unable to satisfy the claim.

Erasmus Dunn, prominent farmer near Lancaster, Ky., has had two valuable horses poisoned this week, and last week someone burned his barn and contents.

While Fred Trabant was assisting in erecting a barn on his farm, near Free-landsville, Ind., he fell to the ground, a distance of 15 feet. The injury resulting in total paralysis.

Two Negroes Hanged.
HUNTSVILLE, Ala., May 13.—The corpses of two negroes, Nellie Smith and Mandy White, were dangling from the limb of a live oak just on the outskirts of the village of Jeff yesterday. They were hanged during the night for poisoning Joshua Kelly, a well known citizen. They confessed to two attempts on the lives of the Kelly family. The first attempt resulted in the death of Mr. Kelly. Sheriff J. P. Powell took down the bodies.

Ats Peach Seeds and Died.
WEST LIBERTY, O., May 13.—Harry, the 1-year-old son of Mr. and Mrs. Adam Kunkel, found some old peach seeds. He cracked and ate a quite a number. Shortly after he became violently sick and in a short time died in great agony. The cause of death was prussic acid poisoning, the kernels of peach seeds being rich in this product.

Farmer Terribly Mangled.
HOPKINSVILLE, Ky., May 13.—While out alone on his farm Jacob A. Nuckels, who resides near Bells, was attacked by an infuriated bear and knocked down and terribly lacerated. One arm and side of his breast were fearfully torn by the brute's teeth, several ribs broken, and he was internally injured beyond hope of recovery.

Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

MRS. SIDLEY, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. J. B. Sidley writes Oct. 25, 1895: "My wife was taken sick with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' New Heart Cure, and she improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own housework. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them."

Dr. Miles' Heart Cure, and Dr. Miles' Nerve and Blood Purifier, are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerve sent free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

Entered at the Seymour, Indiana, Postoffice as Second-class Matter.

The endless chain will not worry our United States treasury officials when there is a monthly surplus instead of a monthly deficit.

GEN. WEXLER announces that the war in Cuba is practically over, but wounded soldiers are brought into Havana nearly every day.

Now that the airship is a certainty, it will be in order for European nations to begin wrangling over the possession of the regions above the clouds.

There is considerable garbage around over the city that should be gathered up at once. Much sickness may be prevented by being prompt in this matter.

The police officers say they have given all bicycle riders ample opportunity to comply with the ordinance and do not care to be more liberal than they have been.

The rain took the starch out of the G. A. R. decorations at Richmond, but had little effect on the old soldiers. In comparison to what they endured while in the service a rainy day in May is very small affair.

The democrat party, as a party, has never made a record for consistency, therefore it would be line with many of their past acts to run for congress a national banker on a platform declaring against national banks.

Did the Hon. John Overmyer resign as president of the North Vernon national bank because he was conscientiously opposed to such institutions, or was it to help him in his race for congress? It is understood that he owns as much national bank stock as ever and will participate in the dividends in spite of his conscience.

SECRETARY WILSON is making a good record in the department of agriculture. Instead of antagonizing the farmers he is enlisting their interests and help. He has been quick to see the great and prosperous consequences to agriculture of the successful raising of sugar beets in this country. He is sending our seeds for experiments to all favorable localities to ascertain where the cultivation can be best carried on. The results will be published and will serve as an aid and an invitation to capital.

OF THE STATE UNIVERSITY.

The State University has been sending to many newspapers in Indiana weekly letters. In some of the matter there has been news that a paper could publish. However, most of the matter has been of a nature that was simply advertising for the institution. This has promptly been consigned to the waste baskets in almost all of the newspaper offices.

College news is always accepted if it is news. But there is no reason why an educational institution should have any advertising that is free. Certainly not any more than is given to any organization. The fact of the matter is that the state university is simply following up its fight made in the last legislature. It is attempting to get itself and its workers in better shape than they were for the last attack, in which they were defeated. The question of the state vs. the non-state schools has been discussed at length, and almost every one is acquainted with the position of the state schools.

Through the columns of the Bloomington World, which has to uphold the state university as a matter of course the Seymour REPUBLICAN is given about a column in a recent issue. With a charming display of brotherly love the News of Seymour proceeds to print the column scoring the REPUBLICAN. The REPUBLICAN is told that it is of no effect in the world, and that its attacks are to

be sought rather than otherwise. The Seymour REPUBLICAN has stood against the state institution when they asked for privileges that were not accorded the denominational colleges.

The Bloomington World will find that there are others who understand the position of the State university. And it is strange that a paper whose attacks are sought should be asked to publish the advertising of the school. Perhaps the World can explain this curious fact.—Columbus Republican.

Another Greenland.

Explorer Borchgrevink's Firm Belief In an Antarctic Continent.

In The Strand Magazine C. E. Borchgrevink reviews briefly the results of his visit to South Victoria Land in 1895. He says:

"In my opinion the great southern continent is the Greenland of the south, with just as many possibilities. I do fully believe that hitherto unknown animal life will be found on South Victoria Land. Captain Larsen on the whaler Jason brought back petrified wood from Graham Land, south of Cape Horn, which fact, of course, proves great climatic changes in those regions during succeeding periods. As our knowledge of the great southern continent now stands, we must believe it really to be a continent, and not a mere accumulation of islands, as well from the appearance of the land, as also from sea soundings, and last, but not least, from the nature of those specimens of rocks which I brought back with me from Victoria Land. If it is all land, it is probably of an area twice the size of Australia."

"Already the first sight of Victoria Land convinces one that it is of volcanic origin. The volcanoes of Victoria Land show a tendency to follow the same line. From Mount Sabine to Mount Melbourne the trend is southerly. Mount Erebus and Mount Terror lie almost due south of Mount Sabine. Farther north from Mount Sabine the great earth fold, on the septum of which this chain of volcanoes is situated, probably bends a little westward, as shown partly by the surroundings, partly by the position of Balleny island. Northwest of Balleny island the great fold trends perhaps to the knotting point between the Tasmanian axis of folding and that of New Zealand, the former, perhaps, running through Royal Company island, and the latter through or near Auckland island and Macquarie island. The knotting point would probably be somewhere (approximately) near the intersection of the sixtieth parallel of south latitude with the one hundred and fiftieth meridian of longitude east from Greenwich. It would just join the line of extinct volcanoes along east Australia on the west, and, perhaps, the active volcanic zone of the North Island of New Zealand, or, at all events, the fold which bounds that continent on the east."

"Traced in the opposite direction, the volcanic zone probably runs through Seal islands, the active volcanoes through Christensen and Sarsse, and through Mount Haddington, an extinct volcano in Trinity Land, to Paulet and Bridgman islands, active volcanoes."

FINEST PARK IN THE WORLD.

What John Burroughs and Others Say of the Rock Creek Reservation.

In his entertaining book "Wake Robin," and in the chapter entitled "Spring at the Capital" (pages 155-166), John Burroughs says: "Outside of the city limits the great point of interest is the Rock Creek region. Rock Creek is a large, rough, rapid stream which has its source in the interior of Maryland and flows into the Potomac between Washington and Georgetown. Its course for five or six miles out of Washington is marked by great diversity of scenery. Flowing in a deep valley, which now and then becomes a wild gorge with overhanging rocks and high, precipitous headlands, for the most part wooded—here reposing in long, dark reaches, a certain bend over a rocky bed; receiving at short intervals small runs and spring rivulets, which open up vistas and outlooks to the right and left of the most charming description—Rock Creek has an abundance of all the elements that make up not only pleasing but wild and rugged scenery. There is perhaps not another city in the Union that has on its very threshold so much natural beauty and grandeur, such as men seek for in remote forests and mountains. A few torches of art would convert this whole region, extending from Georgetown to what is known as Crystal springs, not more than two miles from the present state department, into a park unequalled by anything in the world. There are passages between these two points as wild and savage and apparently as remote from civilization as anything one meets with in the mountain sources of the Hudson or the Delaware."—"Life and Light."

Time to Change.

It was at a table d'hôte dinner at a hill station in India that a very young officer just up from the plains found himself seated next to a lady whom he took for one of the grass widows common in those parts. He made himself agreeable, but his neighbor seemed a good deal out of spirits, so he said sympathetically:

"I suppose you can't help thinking of your poor husband grilling down below?"

But the lady was a real widow, and when he learned that he changed his seat.—London Vanity Fair.

KILLED A POLICEMAN

Detective Milles Charged With Shooting Officer Christianson.

CAUSED A LITTLE GIRL'S DEATH

Masked Men Compel James King to Reveal the Hiding Place of His Money.

Glass Factories' Summer Vacation—Indiana Wheat Crop—Albert G. Porter's Will Probated.

SOUTH BEND, Ind., May 13.—Detective James Milles of Chicago is locked up here charged with killing Patrolman O. W. Christiansen late Tuesday night. The arrest was made on the statement of Jack Carney of Elkhart, Ind., another detective. Christiansen started to arrest two tramps, when a fusillade of shots were fired at him, one striking him in the face, killing him instantly. Carney soon fastened the crime on Milles. The latter is said to have killed three men during the big strike in Chicago.

FLINT GLASS MEN.

They Have Decided to Follow the Old Rule of a Summer Vacation.

ALEXANDRIA, May 13.—The union flint glass manufacturers, since their last Pittsburg meeting have given out that they will follow the old rule and close down for a summer vacation. The workmen sometime ago voted to work throughout the summer, if the union manufacturers so desired, as the non-union factories run throughout the year, and often cut into the territory of the union plants while the latter are idle. The union manufacturers, however, seem to think that if they establish a new rule another will be necessary, and so will make no change.

ELECTRIC RAILROAD.

Ground Broke on the Indianapolis, Marion and Anderson Line.

FAIRMOUNT, Ind., May 13.—The contractors building the Indianapolis, Anderson and Marion electric railroad have put two forces of men with teams to work between here and Marion grading the line, and other forces will be organized and put to work at other points within a few days. Noah J. Clodfelter, general manager of the company, says the line will be in operation between Anderson and Marion by September and between Indianapolis and Marion by the first of the year. There will be two powerhouses, one located here and the other at Alexandria. The building of the road will cost \$500,000.

Dedicating Their New Wigwam.

ANDERSON, Ind., May 13.—The Onondaga tribe of Red Men today began the ceremonies which will continue through tomorrow of dedicating their new wigwam which occupies the entire third floor of a new business block recently erected. The wigwam is much on the order of a club house, having besides the lodgerooms a fine parlor, library, billiard hall, bathrooms and other apartments. The Red Men of this city will ask for the state of Indiana in 1898.

Robbed of His Money.

BLOOMINGTON, Ind., May 13.—Two masked men forced their way into the residence of James King, near the Brown county line, and with raised clubs threatened to beat him where the head unless he revealed the whereabouts of his money. He told them where to find \$50. They secured it, bound King to the bed and rode away. Mr. King thinks he recognized one of the men and the officers are after him.

Assaulted by an Unknown Party.

EVANSVILLE, Ind., May 13.—An unknown party criminally assaulted the 12-year-old daughter of Fred Bunte, a farmer, yesterday, causing the child's death. A sheriff and citizens posse are searching for the culprit, but no clew has been obtained. The child had gone into a field to look after some cattle. It was several hours before the body was found. There is much excitement over the outrage.

Pushing Work in the Oil Field.

ELWOOD, Ind., May 13.—Operations in the oil field in this vicinity are being pushed rapidly, and several wells are now sinking. Two storage magazines for the safe keeping of nitro-glycerine have been located two miles from Osceola. Work on the pipeline extension will be begun at once, and several pumping stations will be erected along the route.

Lost Son Found.

CHESTERFIELD, Ind., May 13.—Seven years ago Perry Ervin of Columbus, O., disappeared from home and no trace of him could be found. His parents recently learned that a young man of that name was working on a farm near here. Investigation followed, which resulted in their finding their longlost boy. He was taken home yesterday.

Indiana Wheat Crop.

INDIANAPOLIS, May 13.—State Statistician Connor has issued his first crop bulletin. It deals with wheat and indicates much improvement in growing crop in the last 10 days. It is estimated that with favorable weather from now until the crop is harvested there will be 60 to 70 per cent of a full crop.

Decoration Day at Shelbyville.

SHELBYVILLE, Ind., May 13.—Dunport G. A. R. will observe Sunday the 30th in place of Saturday as Decoration day. The orders from headquarters was to observe Saturday but the post's decision to change the time meets with the approval of the people here.

Albert G. Porter's Will.

INDIANAPOLIS, May 13.—The will of the late Albert G. Porter has been admitted to probate. The estate is estimated at \$500,000 and is divided equally between the five children.

LAST NIGHT'S RACE.

Kercheske Ran Against Three Riders and Won Again.

Last night was the third evening for the bicycle race at the Wheelery. Hodapp was suffering from a severe headache and in the third quarter of the hour was replaced by Chas. Westmeyer.

The distances covered as measured by the cyclometers were as follows: First quarter Kercheske 7 miles, Hodapp and Kaufman 6 1/2. At the end of the first half Kercheske 12 1/2, Hodapp and Kaufman 12 1/2-16. At the three quarter point Kercheske 19 1/2, Westmeyer and Kaufman 19 1/2. It was in this quarter that Westmeyer replaced Hodapp. Fourth quarter Kercheske 25 1/2, Westmeyer and Kaufman 25 1/2, making Kercheske winner by seven-eighths mile.

It was discovered last night that the gearing of the wheels is different. That Kercheske has been riding a 70-gear wheel while the other boys have been riding a 63-gear wheel. In order to even things up they will change wheels for the remaining three evenings and Kercheske will ride the 63-gear and the others will take the 70 gear, thus making the week entirely fair to all parties.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, consumption, dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Wm. F. Peter's drug store.

COURT NOTES.

But few of our people went to court today.

NOTICE TO THE PUBLIC.

SEYMOUR, IND., May 13, 1897.

TO THE TEMPERANCE PEOPLE GENERALLY. Certain "bums" whom I have displeased have circulated the report that I am expecting to "run a tough joint" at my new place of business on West Second street, this city, and I take this opportunity to assure the good people who uphold public morals that I shall endeavor to conduct the most orderly saloon in Seymour. I shall have no women at all about my place of business as has been falsely reported, nor will I permit drunken and boisterous men to loaf in or about my premises. I shall solicit and expect the patronage of gentlemen only who occasionally indulge in a nice cool glass of beer and who take a little home to their families when the heated season comes. There are many such people in Seymour and they are good substantial citizens, too, and these I shall endeavor to please. Nor will I permit any gambling or games of any kind in connection with my house. No "side door," no "back room." Nothing that will in any way conflict with the Nicholson temperance law. Nothing that will in the least offend public morals. Simply a genteel, quiet lawful house is the kind I will keep. The most orderly saloon in Seymour is what I promise the people. YOU WILL SEE THAT I AM RIGHT and that the "oum" and the "tough" will be against me while the temperance people will pray that, while the business is to be in our midst at all, others may follow the law as closely as I shall. Respectfully,

JAMES M. PHILLIPS.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.

John B. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John B. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: "The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford."

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

OCCASIONAL CORRESPONDENT.

The Best Remedy for Rheumatism.

From the Fairhaven, N. Y., Register.

Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. The 25 and 50 cent sizes for sale by C. W. Milhous druggist.

CASTORIA

For Infants and Children

The fact is simple and plain. Castoria is the best medicine for infants and children. It is a gentle laxative and purgative, and it is the only medicine that can be given to infants and children without any danger. It is the only medicine that can be given to infants and children without any danger. It is the only medicine that can be given to infants and children without any danger.

KANSAS SNAKE.

It Swallows Pigs and Chickens and Kills a Horse.

TOPEKA, May 13.—The farming community around the town of Logan, in Phillips county, is in terror over the discovery of a huge snake that has been committing depredations there for the last few days. It was first seen last Friday on Crystal creek, and it is thought to have ascended this small stream from the Solomon river during the recent freshet. A German farmer made the discovery. After losing 20 pigs, he found the trail of the reptile and followed it to the creek, where it disappeared. The next night he lost 20 more pigs, and was advised that a neighbor had lost 60 chickens from the same cause. They instituted a search and claim to have seen the snake and shot at it, but it managed to elude them by crawling back to the water.

On Sunday it killed a horse and the farmers reported the matter to the town people and asked for help in subduing the reptile.

A description has been forwarded here in order to determine the species to which it belongs. It is said to be 50 feet in length, green in color, with white spots on its body. It raises its head to a height of 10 feet and makes a very wide track when it crawls on the ground.

The facts in relation to the snake are furnished and vouched for by Bert P. Walker, postmaster at Logan and editor of the Logan Republican.

Durrant Asks For a Pardon.

SACRAMENTO, May 13.—Governor Budd has received the formal petition for the pardon of Theodore Durrant, awaiting execution at San Quentin prison for the murder of Minnie Williams and Blanche Lamont. He protests his entire innocence, refers to the testimony tending to establish it, and asks for a pardon, or at least a commutation of sentence in such wise as will permit the further investigations to be made to ascertain who may be and who is the true criminal.

MR. CHAPMAN'S CASE

It Is Brought Up In the Senate by Mr. Allen of Nebraska.

GENERAL FORSYTH PROMOTED

Indianapolis Government Building Bill Passes the Senate—A. P. A. Convention. Postal Congress—Senator Quay's Amendment to the Sundry Civil Bill—Other Washington News.

WASHINGTON, May 13.—In the Senate yesterday the sugar investigation of 1894 was recalled by the introduction of a resolution by Mr. Allen of Nebraska, reciting the circumstances of the investigation, the refusal of Elverson R. Chapman to testify, his conviction in the courts as a contemptuous witness and the present efforts toward his pardon. The resolution proposes that Chapman be brought to the bar of the senate to purge himself of contumacy as a prerequisite to pardon. Mr. Allen sought to secure immediate action on the resolution, but it went over on objections from Mr. Gallinger of New Hampshire and Mr. Hoar of Massachusetts. The latter criticized the resolution as giving away the authority of the senate and said he would propose an amendment with a view to having Chapman punished unless he purged himself of contempt without reference to the question of pardon. The consideration of the resolution will be in order today.

Mr. Morgan of Alabama, at the request of the foreign relations committee, asked that the Cuban resolution go over for the day.

The senate bills for a public building at Deadwood, S. D., to cost \$200,000, and at Indianapolis, Ind., to cost \$1,300,000, were passed. After passing a couple of other minor bills the senate went into executive session and shortly after adjourned.

GENERAL FORSYTH

He Succeeds Major General Wheaton Recently Retired.

WASHINGTON, May 13.—President McKinley yesterday sent to the senate the name of General James Forsyth to be major general to succeed General Wheaton who retired last week.

General Forsyth was born in Ohio and graduated from the military academy in 1860. During the war he earned brevets in every grade up to and including brigadier general. He was brevetted for gallant and meritorious services in the battles of Chickamauga, Opequan, Fishers Hill and Middletown, Va. During his service in the war of the rebellion he was on the staff of General McClellan, during the peninsula and Maryland campaigns, and chief of staff of Major General Sheridan during the Richmond campaign and participated in the famous raid from Winchester to Petersburg in pursuit of Lee's forces. He accompanied General Sheridan to Europe as an aide during the Franco-Prussian war. Since 1873 he has been stationed mainly in the west and has been of conspicuous service in the Sioux expedition of 1875 in the Bannock campaign at Fort Walla Walla, Wash., and in actions with Indians at Wounded Knee creek and Catholic Mission, South Dakota. He became a brigadier general Nov. 9, 1884 and was assigned to the department of California where he has since remained.

POSTAL CONGRESS

Ways and Means Committee's Work Practically Completed.

WASHINGTON, May 13.—The ways and means committee of the universal postal congress yesterday practically completed the preliminary consideration of the amendments that have been proposed to the international treaty. In doing this they have followed the practice common in many legislative bodies of passing over informally the various amendments which it was known would give rise to an extended discussion and have acted on such as the delegates were generally agreed on. The amendments which have received the assent of the committee were: none of them of vital importance but treated mainly of details of an unimportant character, which it was apparent were essential and proper and which experience has demonstrated were a necessity in the transmission of mail matter. The more important questions remaining undisposed

of relate to the universal postage stamp, the proposed establishment of the gold standard as a settlement of all balances in postal rates and the proposition for the reduction in the pay of mails in transit.

SENATOR QUAY'S AMENDMENT

WASHINGTON, May 13.—Senator Quay yesterday gave notice of his intention to offer amendments to the sundry civil appropriation bill, removing special Indian agents, deputy collectors of internal revenue, storekeepers, gangers and examining surgeons in the pension office from the classified service. The amendment provides for the nomination of the special Indian agents by the president and their confirmation by the senate and for the appointment of the other officers mentioned by the heads of their respective departments with or without examination.

INDIANA POSTMASTERS

WASHINGTON, May 13.—Two presidential Indiana postmasters were appointed yesterday: Bloomington, S. V. Buskirk; Covington, Fletcher W. Boyd. Fourth-class postmasters were appointed as follows: Cedar Grove, M. R. Ryman; Hitchcock, Clarence Dennis; Lexington, L. N. Mace; Ligon, D. L. Hutchison.

OHIO MAN RESIGNS

WASHINGTON, May 13.—Solicitor of Internal Revenue Hough of Ohio has resigned, the resignation being tendered to the president yesterday. It was supposed that National Committeeman J. E. Boyd of North Carolina, would get this place, but by a recent change it has been decided that he should be appointed an assistant attorney general.

A. P. A. CONVENTION

Order In a Satisfactory Condition—Insurance Feature Recommended.

WASHINGTON, May 13.—The reading of the annual address of President John W. Echols and the submission of the report of Secretary Palmer were the principal matters which engaged the attention of the supreme council of the American Protective association at its meetings yesterday. Mr. Echols' address was particularly felicitous and spoke in hopeful terms of the prospects of the order and of its unprecedented growth during the past year. A recommendation was made for an insurance feature, to be under the auspices and supervision of the general order. Mr. Palmer report is said to have been an agreeable surprise, showing, notwithstanding the hard times prevailing during the past year, the order to be in a satisfactory condition numerically and financially. During the past year there were 345 charters issued.

AGAINST CONVICT-MADE GOODS

WASHINGTON, May 13.—Senator Gallinger of New Hampshire yesterday presented an amendment which he proposes to offer to the tariff bill against goods which are the product of convict labor. The amendment is as follows: That whenever complaint is made to the secretary of the treasury that any manufactured goods imported into this country are the product of prison or convict labor, it shall be the duty of the secretary of the treasury to formulate the necessary rules and regulations to prohibit the further importation of such goods, except upon the sworn statement of the foreign manufacturer that his goods have not been made in the United States, that said goods are not produced by the labor of prisoners or convicts.

NOT BELIEVED IN WASHINGTON

WASHINGTON, May 13.—The story of the insult to the American flag by a Nicaraguan man-of-war is not given credence here. In the first place there is no United States consul at the place named, but only a consular agent named William Alger. He was heard from by the state department directly last week in a cablegram announcing the closing of the port owing to the rebellion.

G. A. R. ENCAMPMENT

Attendance Exceeds Expectations and Everybody Enjoying Themselves.

RICHMOND, Ind., May 13.—Yesterday was indeed a gala day for Richmond. Veterans of the late war were everywhere, and all praising the citizens for their generous hospitality, for notwithstanding the crowd was much larger than anticipated, all were provided for.

A number of the members after the parade visited different points of interest in this vicinity, about 30 taking a carriage drive to Centerville, Governor Morton's old home.

The topic most interesting to the majority of the veterans is the election of department commander, there being more than a half a dozen candidates in the field. They are Captain Campbell of Anderson, John A. Swerland of Tipton, Majors Robins, Cisney, Headington, McCulloch and Dodge.

Tonight the Loyal Legion will hold its banquet and be presided over by General Lew Wallace.

The campfires last night were all attended and were very interesting.

JULIO SANGUILY

Report That He Has Landed In Cuba With A Large Expedition.

HAVANA, May 13.—Julio SangUILY is said to have landed on May 3 with a large expedition at San Juan de Las Playas. It is also said that Boloff, with 1,000 men, was there to receive him. It is added that commanders of gunboats patrolling that coast have been placed under arrest for not preventing the landing of SangUILY. San Juan is 12 leagues east of Sagua. The insurgents are numerous and active in that district.

KNIGHTS OF THE GOLDEN EAGLE

HARRISBURG, Pa., May 13.—At the session of the Knights of the Golden Eagle yesterday Grand Chief Tobin read his annual report, which was adopted. It shows 490 castles with a membership of over 42,000. The amount paid out during 1896 for relief was \$128,900.95. Since the institution of the grand castle in 1876 there was paid for the relief of members, widowed families, burial of the dead and for donation the sum of \$1,974,400.84.

SULTAN IN NO HURRY

Greeks Don't Like the Delay In Answering the Powers.

FEAR REVOLUTION AT ATHENS

Turkey Resents Mediation and Prefers to Deal Directly With Greece—Sultan's Troops Repulsed at Domokos and Arta. Uncertain Position of the Hellenic Government.

ATHENS, May 13.—The fact that there is no news of renewed fighting must be regarded as good news, but an uneasy feeling exists here. The Turks are trying to outflank the Greek position at Domokos and the delay in the port's reply is also interpreted to mean that Turkey does not intend to cease hostilities. Telegrams from the front report that both armies are concentrating in anticipation of an engagement.

The city continues quiet, though it is believed that the numerous Italian volunteers and socialists now here will endeavor to foment a revolution, leading up to a republic. But the Greeks are devoted to the monarchical idea and the worst that is likely to happen will be a change of sovereign. The return of Crown Prince Constantine to the capital might produce disturbances, but he is likely to be discreet enough to avoid Athens for a time.

RESENTS MEDIATION

Desires to Negotiate With Greece Directly.

LONDON, May 13.—Correspondent of The Daily Telegraph at Constantinople says the sultan resents the mediation of the powers and desires to negotiate with Greece directly. If this is refused the Turkish demands will be more exacting. The Berlin correspondent of The Daily News says he learns on excellent authority that the Turkish government demands a war indemnity of 3,000,000 pounds and the right to occupy Thessaly until it is paid.

A dispatch to The Standard from Constantinople says: An imperial irade has been issued directing military governors to give preference to natives wherever possible, in making official appointments. In Thessaly the official reports are not favorable.

A Turkish reconnaissance in force at Domokos has been repulsed and the attack on Arta, which promised to be successful, has also resulted in a check. It is believed that Edhem Pasha is developing an outflank movement with the right and left wings, with a view of rendering the Greek position at Domokos untenable.

The correspondent of The Times at Athens says: "Acute anxiety is felt here because of the absence of any news from General Smolenski's column. Owing to the delay in arranging the armistice the government has addressed a strong address to the powers declining to bear the responsibility should further bloodshed occur and lead to serious complications."

"As Mr. Ralli explains to me the government is in a serious predicament. In order to secure mediation it has compromised itself in the eyes of both Greeks and Cretans without obtaining a positive guarantee that Turkey will cease hostilities. Should the war be resumed the position of the government will be most unenviable."

Powers Present Their Request.
CONSTANTINOPLE, May 13.—The ambassadors of the powers held a prolonged conference yesterday, at the close of which they presented to the Turkish government a collective memorandum proposing an armistice between Turkey and Greece on the basis of the negotiations for each now in progress through the powers. The memorandum, which was presented to Ahmed Tewfik Pasha, the Turkish minister of foreign affairs.

Many people walk on the very edge of danger all unconsciously. They do not wake up to the truth that the slight symptoms of weakness which they feel may, at any instant, take a plunge into serious or fatal illness.

Once the "run-down" process begins it is speedy and there's no telling how it will end. To stop the loss of vitality and build up your strength and weight to the normal, healthy standard, there is nothing equal to Doctor Pierce's Golden Medical Discovery. It vitalizes the blood and promotes a rapid production of the life-giving red corpuscles. It promotes perfect digestion; enables the liver to filter all poisonous biliary elements out of the circulation; arrests the formation of morbid deposits in the vital organs and builds up new and healthy tissues. For thirty years it has been recognized as the only perfect and radical cure for all bronchial complaints, throat and lung affections and diseases resulting from impoverished blood.

"I was taken ill in February, 1892, with a headache and pain in my back," writes H. Gaddis, Esq., of No. 313 S. J. Street, Tacoma, Wash. "I called in a doctor and he came three times. He said I was bilious but I kept getting worse. I took a cough so that I could not sleep any by being propped in bed. My lungs hurt me and I got so poor that I was just skin and bone. I thought I was going to die, till one day I saw the 'Golden Medical Discovery' recommended for a cough. I tried a bottle of it and it did me so much good that I tried another and it made me sound and well, so I can recommend it to everybody. It saved my life."

FOR CONSTIPATION.
No remedy in the world is equal to Dr. Pierce's Pleasant Pellets, which act naturally and mildly, but never fail to effect a complete and permanent cure. There is no substitute for these Pellets, no matter what any druggist may say. They regulate and invigorate the Stomach, Liver and Bowels.

GREEK TROOPS MAY LEAVE CRETE

ATHENS, May 13.—It is officially announced that the powers have notified the Greek government that the Greek troops may leave the island of Crete, and that the admirals of the international fleet will release the steamers which have been seized during the blockade.

PARNELL ESTATE

An Appeal Issued In London For Aid to Clear It of Debt.

LONDON, May 13.—An appeal, signed by the lord mayor of Dublin, John Redmond, M. P., and other influential friends of the late Charles Stewart Parnell, has been issued in behalf of donations to a fund to assist Mrs. Delia Parnell, mother of the great Irish leader, and other needy members of the family, by freeing the Parnell estates at Avondale from debt and other obligations.

RACED WITH A HORSE

MURPHYSVILLE, Ky., May 13.—Buffington Forman, a popular young man, ran a footrace for 100 yards with a man on horseback. As they were returning Forman suddenly sank to the ground and was a corpse in a few minutes. When he fell his companions thought he was fooling and began to throw clods at him.

POISONED SPRING WATER

Three More People Died at Pikeville, Ky., Yesterday.

PIKEVILLE, Ky., May 13.—Three more persons died yesterday from drinking poisoned spring water. They are Edward Minnix, Miss Dorcas Alberts and John Tompkins. Tompkins' wife and two children are fatally ill from the same cause. As yet, chemists have failed to learn what poison is being used, and there is no clue to the identity of the guilty parties.

LADY REAL ESTATE AGENT SUICIDES

AKRON, O., May 13.—Miss Nettie M. Leib, an insurance and real estate agent who has been in business here about four years, committed suicide here yesterday by taking carbolic acid. Miss Leib had apparently been successful in her business ventures. She was 24 years of age and of marked ability. In the course of her business transactions she was entrusted with \$100 by Rose Albertson. She devoted the money to her own use and when asked for an accounting was unable to satisfy the claim.

TWO NEGROES HANGED

HUNTSVILLE, Ala., May 13.—The corpses of two negroes, Nellie Smith and Mandy White, were dangling from the limb of a live oak just on the outskirts of the village of Jeff yesterday. They were hanged during the night for poisoning Joshua Kelly, a well known citizen. They confessed to two attempts on the lives of the Kelly family. The first attempt resulted in the death of Mr. Kelly. Sheriff J. P. Powell cut down the bodies.

ATE PEACH SEEDS AND DIED

WEST LIBERTY, O., May 13.—Harry, the 4-year-old son of Mr. and Mrs. Adam Knabel, found some old peach seeds. He cracked and ate quite a number. Shortly after he became violently sick and in a short time died in great agony. The cause of death was prussic acid poisoning, the kernels of peach seeds being rich in this product.

FARMER TERRIBLY MANGLED

HOPEKINSVILLE, Ky., May 13.—While out alone on his farm Jacob A. Nuckols, who resides near Bells, was attacked by an infuriated bear and knocked down and terribly lacerated. One arm and side of his breast were fearfully torn by the brute's teeth, several ribs broken, and he was internally injured beyond hope of recovery.

Neuralgia of the Heart

Vanquished by Dr. Miles' Remedies.

MRS. SIDLEY, of Torrington, Conn., suffered from just such a complication of diseases as the extensive experience and investigations of Dr. Miles have proven, result from impairment of the nervous system. Mr. J. R. Sidley writes Oct. 25, 1897: "My wife was taken sick with neuralgia of the heart, nervous exhaustion and liver trouble. Although attended by two physicians she grew worse, until she was at death's door. I then began giving her Dr. Miles' Restorative Nervine and Dr. Miles' New Heart Cure, and she improved so wonderfully from the first that I at once dismissed the physicians. She now eats and sleeps well and does her own housework. We have recommended your remedies to a great many in our city, and every one has been very much benefited by them. Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on Heart and Nerves sent free to all applicants. DR. RESOLUTIONS.

The following resolutions were adopted at a regular meeting of Seymour Lodge No. 106, A. O. U. W.

WHEREAS, It has pleased our Father on high to call to Him the spirit of our brother Jacob Becker, Sr., who has for many years been one of our most respected and truest members, a faithful and loving husband and an upright and honorable citizen, and

WHEREAS, In the death of Brother Becker, Sr., his family has suffered an irreparable loss and the Lodge an earnest and faithful brother, therefore, be it

Resolved, That we extend the bereaved family our heartfelt sympathy and commend them to Him, who doeth all things wisely and well, and be it further

Resolved, That a copy of these resolutions be sent the bereaved family, spread upon the minutes and published in the daily papers and also that our charter be draped in mourning for the space of thirty days. In C. H. and P.

Death of Fireman Alley.

Walter R. Alley, B. & O. fireman, died at 8:15 o'clock Thursday morning, at the home of Theodore Durham, aged twenty-four years. He had a severe attack of bilious colic while on his run yesterday morning, and was brought to this city and medical aid called. He failed to find relief. He belongs at Chattanooga where his parents reside. He was a well disposed young man and had the confidence of all the boys on the road. His mother was telegraphed this forenoon and she replied to forward his remains to Chattanooga, which will be done as soon as arrangements can be made.

Exciting Runaway.

A farmer's team, a horse and mule, tried their speed over our brick streets, this afternoon about three o'clock. At the corner of Second and Cassia the horse fell and rolled under the wagon and was dragged about thirty feet before the mule was pulled down. When the wagon was pulled away the horse got up without a scratch and seemed uninjured after his rough experience.

MARRIED.

Mr. John Reiber and Miss Minnie Reickers, both esteemed young people, of Seymour, were united in marriage at 7:30 o'clock Wednesday evening May 12, 1897, at the German Lutheran church with Rev. Philip Schmidt tying the nuptial knot. May their wedded life be pleasant.

Poisons engendered by food fermenting in a dyspeptic stomach are the direct cause of rheumatism, gout, bronchitis, liver and kidney complaints, asthma, pneumonia and many nervous ailments.

These results are prevented by the use of the Shaker Digestive Cordial, a remedy discovered and prepared by the Shakers of Mount Lebanon, N. Y. It is in itself a food and has power to digest other food taken with it. Thus it rests the diseased stomach and finally masters the worst cases of dyspepsia. It acts promptly and fresh strength and increase of weight soon follows. The first dose taken immediately after eating, abates the pain and distress so dreaded by dyspeptics. Trial bottles—enough to prove its merit—10 cents. Laxol is the best medicine for children. Doctors recommend it in the place of Castor Oil.

Try our choice dairy butter Only 15 cents. The Attkisson Grocery Co.

LAST NIGHT'S RACE.

Kercheske Ran Against Three Riders and Won Again.

Last night was the third evening for the bicycle race at the Wheelery. Hodapp was suffering from a severe headache and in the third quarter of the hour was replaced by Chas. Westmeyer.

The distances covered as measured by the cyclometers were as follows: First quarter Kercheske 7 miles, Hodapp and Kaufman 6 1/2. At the end of the first half Kercheske 12 1/2, Hodapp and Kaufman 12 5-16. At the three quarter point Kercheske 19 1/2, Westmeyer and Kaufman 19 1/2. It was in this quarter that Westmeyer replaced Hodapp. Fourth quarter Kercheske 26 1/2, Westmeyer and Kaufman 25 1/2, making Kercheske winner by seven-eighths mile.

It was discovered last night that the gearing of the wheels is different. That Kercheske has been riding a 70-gear wheel while the other boys have been riding a 63-gear wheel. In order to even things up they will change wheels for the remaining three evenings and Kercheske will ride the 63-gear and the others will take the 70 gear, thus making the week entirely fair to all parties.

Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, consumption, dizziness yield to Electric Bitters. 50c and \$1.00 per bottle at Wm. F. Peter's drug store.

COURT NOTES.

But few of our people went to court today.

In the circuit court Tuesday the suit of Dixon against A. T. Simons, J. T. Arubuckles and J. E. Bulger for \$10,000 damages, was dismissed.

In the circuit court yesterday, the suit of the Seymour National bank against A. N. Munden et al. on a promissory note of \$400, the plaintiff was given judgment for full amount.

I was afflicted with catarrh last autumn. During the month of October I could neither taste nor smell and could hear but little. Ely's Cream Balm cured it. Marcus Geo. Shantz, Rahway, N. J.

HOME FURNITURE CO.

Judgment for \$9,000 Rendered Against It Yesterday.

The decision in the case of Mrs. Bolinger et al. vs. the Home Furniture Company for foreclosure of mortgage was handed down yesterday. The judge held that the mortgage was valid as to the real estate and personal property within the county but not valid as to accounts owing the company, and rendered judgment for the plaintiffs accordingly. The secretary of the company is to collect all outstanding accounts at once. The judgement is for about \$9,000.

NOTICE TO THE PUBLIC.

SEYMOUR, IND., May 13, 1897.

TO THE TEMPERANCE PEOPLE GENERALLY.
Certain "bums" whom I have displeased have circulated the report that I am expecting to "run a tough joint" at my new place of business on West Second street, this city, and I take this opportunity to assure the good people who uphold public morals that I shall endeavor to conduct the most orderly saloon in Seymour. I shall have no women at all about my place of business as has been falsely reported, nor will I permit drunken and boisterous men to loaf in or about my premises. I shall solicit and expect the patronage of gentlemen only who occasionally indulge in a nice cool glass of beer and who take a little home to their families when the heated season comes. There are many such people in Seymour and they are good substantial citizens, too, and these I shall endeavor to please. Nor will I permit any gambling or games of any kind in connection with my house. No "side door," no "back room." Nothing that will in any way conflict with the Nicholson temperance law. Nothing that will in the least offend public morals. Simply a genteel, quiet lawful house is the kind I will keep. The most orderly saloon in Seymour is what I promise the people. You will see that I am right and that the "oum" and the "tough" will be against me while the temperance people will pray that, while the business is to be in our midst at all, others may follow the law as closely as I shall. Respectfully,
JAMES M. PHILLIPS.

Deafness Cannot Be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props., Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.

POLITICAL BREVITIES.

The Brownstown Banner today announces the candidacy of James F. Applewhite for the democratic nomination for congress and presents his claims in a leading editorial.

"The Only" let the Brownstown Banner get the scoop on it in announcing James F. Applewhite's candidacy for congress. We suppose it will climb off to Overmyer perch and now support a Jackson county candidate.

The republican trustees' caucus in Bartholomew county yesterday selected James H. Clark as their candidate for county superintendent. He will be elected as the republicans have a majority of the trustees.

Stands at the Head.

Aug. J. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Stafford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century and today stands at the head. It never disappoints. Free trial bottles at Wm. F. Peter's drug store.

OCCASIONAL CORRESPONDENT.

The Best Remedy for Rheumatism. From the Fairhaven, N. Y., Register. Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. KANSAS SNAKE.

It Swallows Pigs and Chickens and Kills a Horse.

TOPICKA, May 13.—The farming community around the town of Logan, in Phillips county, is in terror over the discovery of a huge snake that has been committing depredations here for the last few days. It was first seen last Friday on Crystal creek, and it is thought to have ascended this small stream from the Solomon river during the recent freshet. A German farmer made the discovery. After losing 20 pigs, he found the trail of the reptile and followed it to the creek, where it disappeared. The next night he lost 20 more pigs, and was advised that a neighbor had lost 60 chickens from the same cause. They instituted a search and claim to have seen the snake and shot at it, but it managed to elude them by crawling back to the water. On Sunday it killed a horse and the farmers reported the matter to the town people and asked for help in subduing the reptile.

A description has been forwarded here in order to determine the species to which it belongs. It is said to be 50 feet in length, green in color, with white spots on its body. It raises its head to a height of 10 feet and makes a very wide track when it crawls on the ground.

The facts in relation to the snake are furnished and vouched for by Bert P. Walker, postmaster at Logan and editor of the Logan Republican.

Durrant Asks For a Pardon.

SACRAMENTO, May 13.—Governor Budd has received the formal petition for the pardon of Theodore Durrant, awaiting execution at San Quentin prison for the murder of Minnie Williams and Blanche Lamont. He protests his entire innocence, refers to the testimony tending to establish a commutation of sentence in such wise as will permit the further investigations to be made to ascertain who may be and who is the true criminal.

SUMMER OUTINGS.

Seashore, Mountain and Lake Resorts.

The principal places of summer sojourn along the Atlantic Ocean, in the Alleghenies, the Adirondacks, Catskills, and mountains of the East, and the lake region and northern Michigan and the Northwest, may be readily reached over the Pennsylvania Lines.

Special information regarding the leading resorts and the advantages enjoyed in journeying to them over the Pennsylvania route has been compiled and printed in convenient form. The matter is profusely illustrated with photographic reproductions of seashore scenes and includes views at Atlantic City, Cape May, Long Branch and other resorts along the Atlantic Coast; also of Cresson, Bedford Springs and romantic mountain retreats, and of Petoskey, Mackinac and the summer havens in Michigan and the Northwest.

Persons contemplating summer outing trips will find it a valuable guide in shaping preliminaries. Copies may be obtained by addressing Geo. E. Rockwell, District Passenger Agent, Indianapolis, Ind.

REASONS why you should read the Cincinnati Daily

TIMES-STAR.

It has the latest and most reliable foreign as well as domestic news.

It has better financial and market reports and more special correspondence than any other Cincinnati newspaper.

It contains twice as much news as any other paper sold at the same price.

It is a family paper, and has the largest home circulation of any paper printed in the Ohio Valley.
